

## **iVantage Health Analytics is growing!**

**We are constantly evaluating new talent in  
Sales, Marketing, Client Services, Production,  
Product Management and Product Development**

- Are you self-directed, personable and results-oriented?
- Do you enjoy turning data into information?
- Can you see the big picture and help others see it, too?
- Do you want a job that makes a difference by delivering extraordinary value?

**If this is you, we want to hear from you!**

**iVantage Health Analytics®** is a rapidly growing company with many opportunities. We are looking for exceptional people interested in providing excellent service and value to our healthcare customers.

At iVantage Health Analytics®, you will work with leading edge technology and enthusiastic team members in a collaborative and exciting environment.

If you have qualifications in the areas of Sales, Marketing, Client Services, Production, Product Management, and/or Product Development, we would like to hear from you.

**Contact iVantage Health via e-mail with your resume and letter of introduction**
